Heresince the Philadelphia exhibition of 1876, in after there would be an interchange which which there were exhibitors from all parts of the world under the fostering care of our government. The exhibition opened favor- the roads in the South under practically one ably and under the most auspicious circum-stances, the large display of exhibits having and stopping unprofitable competition. The exceeded the expectations of the managers, while the daily and continually increasing stream of visitors has been a source of equal congratulation to the friends of the great enterprise.

The exhibition buildings consist of the main structure, an annex for saw mills and noisy machines, and two wings for the batteries of boilers which are to supply power for all the machinery on exhibition. The main building is in form a parallelogram, and the same is true of other cities. The two stories high, having a front of 900 feet on Fourth Avenue and a depth of 600 feet

THE PRESIDENT'S WESTERN TOUR. President Arthur and his party were at Fort Washakie, Wyoming Territory, last Thursday, and in accordance with the expressed wish of the Shoshone and Arapahoe chiefs, their people were afforded an opportunity of calling upon the President at 3 o'clock that afternoon. Shortly before that hour they gathered on the plains to the number of about five hundred warriors, mounted upon their handsome ponies. They dashed forward in line for about a thousand yards to a point near which the and to the Sandy River Band for their ser-President stood awaiting them. The column then halted and several chiefs dismounted and approached him. Among them were Washakie, the remarkable chief

its name, and Black Coal, chief of the Arapahoes, a tribe which within a few years has been permitted to share the occupancy of this reservation. The President then thanked his visitors for calling on him, and congratulated them on their fine appearance. He assured them of his interest in their welfare and of his satisfaction upon hearing of their exemplary conduct and their growing attention to the practice of iudustrial pursuits. His address, which was admirably suited to the occasion, was interpreted to the Shoshones by an English speaking member of their tribe who bears the name of Norcutt, and to the Arapahoes by one of their number who was educated at Carlisle School. The chiefs replied, and their remarks were similarly interpreted. Chief Sharp Nose then presented the President with a handsome pony for his daughter. Gifts of moccasins and leggings were presented to members of the party. Then

young Shoshone braves took part. The Presidential party left Fort Washakie on Friday morning on horseback with their bagging on pack mules and made their

CHARLESTON'S CENTENNIAL. Monday last was the anniversary of the 100th year of the incorporation of Charleston, the good old "City by the Sea," and the occasiou was appropriately celebrated by the citizens and a number of distinguished visitors. The day was ushered in by the booming of cannon and the merry chimes of the historic bells of St. Michael's. On account of the heat there was no military parade or civic display, and the forenoon was spent in recreation on the beach at Moultrieville and White Point Garden.

At 5 o'clock in the afternoon the following programme of exercises took place at the City Hall, in commemoration of the day : tor of St. Philip's Church, chaplain of the

Scott, George F. Baker, George I. Seney, and Capt. Calvin S. Brice took their places. Col. A. S. Buford is likely to remain president of the company, but as was produced in 1879. The condition is Jen. T. M. Logan, the first vice-president, will probably be succeeded by Capt. Brice. At a stockholders' meeting, to be held September 12, Harris C. Fahnestock, Gen. Samuel Thomas, the president of the East Tennessee, Virginia and Georgia, and some Southern man representing local interests, will enter the board. The gentlemen who were made directors yesterday, and William P. Clyde, one of the old directors, own the controlling interest in the road. The board of directors consists of nine members, and by the arrangement yesterday the syndicate owning a majority of the stock is placed in control. Under the new organization a material syndicate of the stock is placed in control. Under the new organization a material syndicate of the states of principal production are: Illinois 86, Indiana 95, Ohio 89, Michigan 68, Kentucky 97, Missouri 83, Kansas 97, Iowa 85, Nebraska 84, Wisconsin 85, New York 90, Pennsylvania 99, New Jersey 101, ority of the directors will be likewise interested in the East Tennessee, Virginia and Georgia. The plan, a director said, is to place in trust for five years 26,000 of the 50,-000 shares of the Richmond and Danville. The board, as previously constituted, intended to submit a proposition to increase the capital stock \$2,000,000 at the stockholders' meeting. This idea the persons now in control will not carry out, they say, but allow the capital stock to remain as it is. Most of the stock which placed the holders

of the majority in power was bought in the pen market. Mr. Scott said he thought the Richmond and Danville susceptible of great improve-ment. The Richmond and Danville and would be to the advantage of both. They would remain independent roads as hereto fore. Capt. Brice said the plan was to place extensions and acquirements of the Richmond and Danville would have tended to create competition in some regions. A gentleman interested in both roads said that possibly an alliance of some sort might be formed between the Gould Southwestern system add the Southeastern system composed of the lines of the East Tennessee, Virginia and Georgia and the Richmond and Danville.

The camp-meeting accordingly resolved itself into a posse comitatus, and after a severe struggle succeeded in arresting the modern Samson and confined him in the meeting house, where he was supposed to be safe; but like the strong man of old, he rent the fastenings of the house, much to the astonishment of his keepers, who marveled greatly, and while they smote their beards he increased their consternation by rapidly discharging his pistol six times at the crowd, and slightly wounding an old man. The first pistol shot was the signal for a general scatterment, and in the panic the obstreperous darkey made his escape. EVADING THE LIQUOR LAW. Mr. Editor: One method, at least, of evading the law prohibiting the sale of intoxica ting liquors, has the merit of novelty. The seller beards the lion in his den, and locates in a "dry" town. He sells its citizens no liquor, but ships numerous packages by Express, "C. O. D.," to other "dry" towns.

It behooves the "authorities" of Yorkville to investigate this matter, and to notify the Express Agent here that he is violating the law. It is plain that no sale is made until the money is received. He who receives the money, makes the sale. He violates the law, however unwittingly. 'A word to the wise, etc."

LAWLESSNESS IN LEXINGTON.—The Lexington Dispatch gives the following account of the recent acts of lawlessness in that county:

On Saturday morning, the 27th ult., at about 1 o'clock, a party of Stock law opponents, with their faces blackened and wearing masks, visited the residence of Mr. Chas. house, with contents, and also his fencing. While the burning was in progress the party fired into the dwelling and wounded Mrs. then turned out his horses and cattle upon his growing corn crop, which is said to have been the finest he has had for years, telling Mr. Hutto that that was the place for his stock. They went to Mr. Jehu C. Hutto's the same night, and, taking him out of his house, put sacks over his head and arms, fired pistols over his head and punched him in the ribs as they fired, gave him a severe whipping, extorting promises from him to tear down his pasture fences and to fence his crop. It seems that the only grievance that these desperadoes claimed was that these two citizens were running their farms in accordance with the Stock law in regard to fences. On Friday, the 3d instant, a delega-tion of the law-abiding citizens of that part in Columbia, and, representing the alarming state of affairs prevailing in that section, and that they and other law-abiding citizens were at the mercy of these rioters who used the torch and intimidated by threats of shooting, and petitioned the Governor to take such steps as would promptly secure their protection against these incendiary and murderous desperadoes who openbeen made, the sheriff, under instructions Pleasant Busby, Ben Williams, John Williams, Burdette Kirkland and Emanuel

#### OBITUARY.

DIED-In Pulaski county, Arkansas, July 29th, 1883, Mr. JOEL JOINER, formerly of York county, S. C., aged 73 years.

In York county, July 30th, 1883, MARTHA
JANE HOFFMAN, daughter of J. L. and M.
E. Hoffman, aged 6 years 7 months and 20 days.
At his residence in York county, July 26th,
1883, of typhoid fever, Mr. AMZI H. HOPPER,

aged 24 years, 6 months and 9 days.

Brother Hopper professed faith in Christ soon after reaching manhood, but did not unite with the Church for near a year afterward, to be sure that he possessed a well grounded hope in Christ. Since that time he has been a consistent member of Union Baptist Church. When he was conscious that his end was fast approaching he gave to sorrowing friends unmistakable evidence that he would "depart with joy and not with grief." But Brother Hopper bore his best testimony to Christ while he lived. It is blessed to know that

the righteous hath hope in his death.
At her home, near Rock Hill, in York county.
S. C., on Tuesday, June 19th 1883, Mrs. R. E.
FEWELL, in the forty-third year of her age. The approach of death, under any circumstances, is sad and painful; but when a happy wife and mother falls by such a stroke, the home circle is thrown into inexpressible darkness and sorrow. A strange mystery hangs over the scene and swells the flood of grief into a mighty torrent which, for the moment, seems to sweep away all comfort from the bleeding hearts. But we know that "the Lord is righteous in all His ways, and holy in all His works." Hereafter we ways, and holy in an Historian Shall see that there is no contradiction between His word and His providence. Dark as these events are now, the true light will then shine up-on them and show that they were bright with heavenly meaning. Every child of affliction can rest sweetly upon such a precious fact, and patiently wait for the coming dawn.

Mrs. Fewell was born August 23rd, 1840, the daughter of Joel S. and Jane S. Barnett. Her father was for many years an honored and useful Ruling Elder of Ebenezer Church, in Bethel Presfully instructed by precept and parental exam-ple, in religious truth as revealed in the Holy scriptures, and lasting impressions were then Scriptures, and lasting impressions were then made upon them for their spiritual good. With God's blessing upon these home influences, the subject of this notice was brought to Christ in early life, and she made a public profession of her faith in Him by joining the Church of her parents in the year 1857. It was at the time of an extensive and precious revival during the pastorate of Rev. John G. Richards, and when many young people came under the saving power of the gospel. Since that time she has led a consistent Christian life, trying by her walk and conversation, to adorn the doctrines of God her Saviour. Amidst the trials and difficulties of domestic duties, she was always found striving to keep her own lamp burning, and to guide her children into the way everlasting. At the end she feelingly mourned over her unworthiness and shortcomings, but declared her trust and confidence in the merits of Jesus. She meekly accepted her sickness as His loving discipline, and was resigned to His will. Her memory must ever be dear to the loved ones left behind, and though the hour be so lonely and dark to them, they can rejoice in the assurance that her sufferings have ceased and her glory begun.

She was married to Mr. S. M. Fewell, March 7th, 1861. They had ten children. Four of them preceded their mother to the grave. The other six-two daughters and four sons-survive, with their father, to meet the new responsibilities thus thrown upon them. The Lord bless their sore bereavement to them all, and turn their loss into
